

Jack's BOAT YARD

Welcome to our dry land storage yard. Whether you bring your buddy or your wife, drag out your granddaughter or grandson you can count on a relaxed work environment with plenty of other boaters for like-minded conversation and advice.

We have created this list with information on contractors willing to work with you to enhance and ease your projects workload. Maps of the property show our bathrooms, laundry, garbage and recycling facilities, fire extinguishers and eye wash stations. To assist you during your stay here please refer to pages 4-5 for links to Lund and the surrounding area.

Your safety is one of our prime concerns. ***Please remember to secure your ladder!***

We would ask you to be respectful of your neighbours by completing noisy work between the hours of 8 am to 5 pm to allow for an evening quiet time.

Check out our marine supply store for all your boat maintenance materials. Special orders welcome.
